

Checking LOT numbers before fabrication is not only required but is highly recommended to ensure the best possible color match. Also, a LOT number is required to report issues with material quality and is a requirement when registering a product-warranty online at [www.staronwarranty.com](http://www.staronwarranty.com).

**Note:** All individual sheets that are to be seamed together must be of the same LOT number, also are recommended from the same pallet.

## Staron® sheet

- **Edge printing** : LOT Number is 10 numerical digits printed on the edge of each sheet.

LOTTE ADVANCED MATERIALS STARON PEBBLE SARATOGA PS820 3680 12 1776659-451 NSF-51 MADE IN KOREA
