

- Staron® adhesive name is following it's own Staron® sheet name. → Aspen Glacier sheet's adhesive name is also Aspen Glacier.
- Sharing adhesive can be an alternative. i.e. Adhesive (Pebble Frost) can be used for sheet (Aspen Glacier)

➔ **Note**

Adhesive color has been matched for 0.1mm seam line width condition. If seam line is wider than 01.mm, adhesive color on seam line may visible. For more detailed information please refer technical bulletin "SN-307 Staron adhesive user manual"
