Health Product  
DECLARATION**Description**

Staron® is a homogeneous and non-porous acrylic composite surfacing material well-suited for a range of interior applications. Designed with active end-users in mind, Staron® offers an extensive assortment of colors and patterns to complement virtually any decor space. From subtle neutrals to vivid solids, Staron® is an ideal surfacing solution for healthcare, hospitality, corporate and retail environments. Manufacturer of Staron®, Lotte Advanced Materials Co., Ltd., is committed to be the "Green Movement" and is constantly striving to improve the environment and keep our nature pristine. There are no heavy metals or toxic chemicals used in the production of Staron®. All suppliers of the raw materials used in the manufacture of Staron® are supervised under a strict Lotte quality control program.

SCS Recycled Content Certification - Products

The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an "open standard" developed and managed by the HPD Collaborative, a nonprofit organization. For more information, visit [hpdcollaborative.org](http://hpdcollaborative.org).

## CONTENT IN DESCENDING ORDER OF QUANTITY

All ingredients must be assessed for health warnings against Priority Hazard Lists, regardless of disclosure level.

Priority Hazard Lists and information on the GreenScreen Benchmarks can be found at [www.hpdcollaborative.org/hazardlists](http://www.hpdcollaborative.org/hazardlists).

**GS:** GreenScreen Benchmark; **RC:** Recycled Content, **PC:** Post Consumer, **PI:** Post Industrial (Pre-consumer), **BO:** Both; **Nano:** comprised of nanoscale particles or nanotechnology

Name	CAS RN	% weight	GS	RC	Nano	Role

<b>Undisclosed (Solid Surfaces Material)</b>	Unknown	100 %		PI	N	Solid Surfaces
Unknown	Not disclosed					
The following inputs are included in this ingredient: PolyMethyl methacrylate (CAS# 9011-14-7), Aluminum Trihydrate (CAS# 21645-51-2) and Colorants. Staron® Acrylic Solid Surfaces materials are comprised of reacted monomers and resins, mineral fillers, and colorants, and are manufactured in the form of sheets, sinks and lavatories. Staron® products have earned GREENGUARD® and GREENGUARD® GOLD certifications as low-emitting interior building products, which ensures that the products comply with strict chemical and particle emission criteria for indoor air quality.						

## CERTIFICATIONS AND COMPLIANCE

**Certifying Party** = First: Manufacturer's self-declaration; Second: Verification by trade association or other interested party; Third: Verification by independent certifier (ideal).

**Applicable facilities** = Manufacturing sites to which testing applies.

## NOTES

There are no heavy metals or toxic chemicals used in the production of Staron®. All suppliers of the raw materials used in the manufacture of Staron® are supervised under a strict Lotte quality control programme. Materials are inspected by both internal/external examining bodies RoHS (Restricting the use of Hazardous Substances) and NSF (National Sanitation Foundation, USA) ensuring that Staron® manufacturing meets the environmental standards required.
